### **POSITION AVAILABLE**

Date to be Posted: Dec. 1, 2012

Position Title: Extension Specialist - Assistant/Associate Professor in Nutritional Sciences

Institution (Location): University of Wisconsin-Madison

Start Date (and other relevant dates): July 1, 2012

Application Deadline: Jan. 31, 2012

Salary:\$85,000 (12 month)

Candidate's Qualifications (who should apply):

Candidates should have expertise in nutrition, public health or a related field. The successful candidate will develop a state-wide outreach program in conjunction with community-based Cooperative Extension faculty that has demonstrated impact upon stakeholders. S/he will also lead a competitively funded research program in the area of nutrition, physical activity and/or health that addresses state-wide public health problems. The candidate must make individual arrangements for travel throughout the state to meet position responsibilities. Registered Dietitian preferred. Applicants at the Associate Professor level must be able to obtain tenure at the University of Wisconsin-Madison. The University of Wisconsin-Madison is a highly regarded public institution with excellent research and educational programs.

Position Description:

The position is a full time (12 month) tenure track position within Nutritional Sciences. The functions are 75% Extension and 25%

Research. The successful candidate will provide leadership in identifying community based problems in nutrition, physical activity and related issues in the State of Wisconsin. The successful candidate will develop programs to provide education and disseminate information to solve these problem and work in collaboration other Cooperative Extension faculty and agents throughout the state. The successful candidate will be responsible for obtaining competitive funding for scholarly research that integrates extension programming and community based interventions or policy changes to help solve public health problems.
